

Erratum: Neutrino electrodynamics and possible consequences for solar neutrinos [Sov. Phys. JETP 63, 446 (1986)]

M. B. Voloshin, M. I. Vysotskiĭ, and L. B. Okun'

Institute of Theoretical and Experimental Physics

Zh. Eksp. Teor. Fiz. **92**, 368 (January 1987)

In Ref. 23 the following should be added: E. A. Gavryuesa, V. G. Gavryusev, and I. V. Golubev, INR (Institute for Nuclear Research) of the USSR Academy of Sciences Preprint P-0423 (1985); E. A. Gavryuseva and V. G. Gavryusev, *Krat. Soob. Fiz.* (Brief Communications in Physics; in Rus-

sian) **9**, 33 (1983). These papers discuss annual variations in the neutrino flux produced by hypothetical oscillations and by the eccentricity of the earth's orbit.
